H. Board Items

Discussion:

Winter: Stated the Board would now consider exhibit H-2 in light of the fact that most in attendance were present for that item. She asked the Board if they had further comments with respect to the proposed resolution to place a 3.4 mill levy on the ballot in May to address the District's facility needs.

Cross: Stated for the record he has heard everything that people have said and will pledge to be respectful and courteous of everyone's opinions. He further stated that while his views may differ from others, he believes the Board still needs to work together to find a solution. He concluded by stating he cares about the community, wants to make a contribution, and is hopeful to have more open dialogue on this matter.

Mays: Indicated he respects Mr. Cross' opinion but would debate his statement about finding an acceptable solution in light of the fact the Board has already come to consensus on this matter. He asked Mr. Sullivan and Mr. Cross if they will support this issue if the majority of the Board says to move forward.

Sullivan: Indicated to Mr. Mays he will respect the will of the majority and will follow the policy manual on this matter. He further stated that he will answer questions from the public honestly, though, about his non-support of the issue.

Winter: In light of Board policy, she asked Mr. Sullivan and Mr. Cross to speak with the majority on this issue.

Cross: Stated that if the majority votes to support the issue, he will respect the will of the majority and only share why he voted "no" with others if they ask but make it clear that the will of the majority spoke.

Mays: Stated the whole purpose for putting the issue out there was to allow the taxpayers to have a voice in telling us what to do. He further stated the Board cannot be fiscally responsible until the voters take action to allow us to have those funds.

Sullivan: Stated to the Board he will not be working behind the scenes on this issue but won't promise anything regarding individual conversations he might have with people on this topic.

Winter: Once again asked Mr. Sullivan and Mr. Cross to support this issue.

Rocco: Asked Mr. Cross if he read the proposed resolution.

Cross: Indicated to Ms. Rocco he had read the resolution.

Rocco: Stated to Mr. Cross the resolution is very simple in that the Board had open meetings, that they had a vote, and that the majority decided it would be put on the ballot. She further stated to Mr. Cross he can't sit there and say he wants to work with the Board and serve the community, do the right thing, and follow the policies and still not vote yes on this issue.

Cross: Stated to Ms. Rocco he respectfully disagrees.

Rocco: Indicated to Mr. Cross he is wrong and that any person who takes the time to read this resolution will come to that same conclusion.

Sullivan: Commented on the accomplishment of the teachers, administration and volunteers with respect to the facilities process. He further stated that even though he does not agree with others, he would respect the majority decision to put this issue on the ballot, and in turn respect the right of the taxpayers to decide what would be the best thing to do.

Winter: Stated that the Board will need to continue to work together as a team on this issue.

Keenan: Stated the Board has not been tone-deaf to the community and the same data-driven process has been used over the last two years to gain input. He further stated that the process even included using a statistically based survey to a 95% degree level of confidence.

Rocco: Indicated that in the last 26 months, there were several alternatives discussed by our community including the 20/20 Committee, the four members of the Board present this evening and by the administration. She further stated that she wants the record to clearly show the Board has not received any alternatives from the two members of the Board who voted 'no' two weeks ago.

Winter: Indicated District school buildings are at the end of their lives, and it is outrageous for a member of this Board not to support this well thought out and researched plan that goes well beyond just patching our facilities.

Keenan: Indicated that Mr. Sullivan had previously made a recommendation for a PI levy and a lesser scale bond issue which had been reviewed by the experts and the community process. The experts and the community were in agreement that these were not viable solutions in light of the scope of the problem.

Rocco: Stated that the facility problems will not go away and need to be addressed. The money to address these problems will have to come from somewhere, and if not a bond issue, then cuts to our already tight budget. She further stated it would seem logical to first ask the taxpayers to support this issue prior to considering any cuts.

Cross: Stated that it is not the time for discussing alternatives, and the issue before the Board tonight is the \$84m facility question. He further stated he will respect the right of taxpayers to decide for themselves on this issue.

Keenan: Stated that the outcome of the levy will also ultimately inform the District as how to proceed on this issue.

***ITEM MOVED (SEE SUPERINTENDENT'S REPORT)**

President Winter declared a brief recess at 8:09 p.m. and resumed the meeting at 8:12 p.m.

*Hearing of Public (15 Minutes)

Harry Applegate: To Mr. Cross: He feels disrespected about the position he has taken on the bond issue and disagrees with his opinion that fiscal responsibility cannot be shown.

David Anghilante: Asked Ms. Winter when the Board would need the next operating levy.

Winter: Stated that based on our current forecast, the District would need to go for an operating levy in 2012.

Cynthia Sabolich: Indicated there needs to be more agendas available for the public, and that she supports the bond issue. She feels Mr. Cross ran a good campaign, clear, honest, open about his goals. She voted for Mr. Marinucci because he had four kids in the system, and that was important to her because of his basis of knowledge. She feels Ms. Rocco disrespects the electorate, feels she needs to apologize to Mr. Cross.

Rocco: Stated to Ms. Sabolich she will not apologize for her comments, and it is important that people on the Board respect the process that spanned over two years. She also commented that Mr. Cross even sat on those committees and never offered any alternatives. She further indicated to Ms. Sabolich that she respects her opinion and is grateful for her vote but can't sit back and let someone make statements that can't be substantiated. She finished her comment by stating that if we don't pass this bond issue, serious cuts will have to be made and can't see why anyone would not give the community members that option.

Cynthia Sabolich: Asked Ms. Winter how our schools have gotten so bad with buckets under roofs and kids in modular schools.

Winter: Responded to Ms. Sabolich that when money was tight, less funds were allocated to maintenance and repair and instead focus was placed on items directly impacting instruction. Over time, this type of reallocation of resources further widened the gap with the capital needs of the District. As a result, the school District now has a master plan to address our facility needs and that will incorporate a revenue stream to handle routine maintenance ensuring this issue does not happen again in the future.

Keenan: Explained to Ms. Sabolich that Westlake is not alone on this issue. Many surrounding schools are faced with the same problem and this is, in fact, a large reason why the Ohio Schools Facility Commission was founded a number of years ago. While we do not want to ask for an increase in anyone's taxes, this is the only viable way at this time the schools can raise enough capital to address its assets.

A RESOLUTION DETERMINING TO PROCEED WITH THE SUBMISSION OF THE QUESTION OF THE ISSUANCE OF SCHOOL IMPROVEMENT BONDS IN THE AGGREGATE PRINCIPAL AMOUNT OF \$84,056,066 TO THE ELECTORS OF THE WESTLAKE CITY SCHOOL DISTRICT.

RESOLUTION TO APPROVE WAIVER FOR ALL-DAY KINDERGARTEN
FOR 2010-2011 SCHOOL YEAR

WHEREAS, the Board of Education of the Westlake City School District recognizes the requirement to offer all-day, daily kindergarten to all students of eligible age within the district beginning in the 2010-2011 school year, pursuant to Ohio Revised Code section 3321.05; and

WHEREAS, Section 9 in temporary law of House Bill 318, enacted by the 128th General Assembly and signed into law by Governor Ted Strickland on December 22, 2009, provides that a school district may seek a waiver delaying implementation of the requirement to provide all-day, daily kindergarten from the Superintendent of Public Instruction until fiscal year 2012; and

WHEREAS, such request for delayed implementation must be accompanied by a resolution from the school district Board of Education;

BE IT RESOLVED that the Board of Education of the Westlake City School District requests such delay as authorized for good cause, namely; funding constraints, space constraints, lack of adequate alternative delivery method to educate effectively, and the need for proper planning/meeting city code requirements for adding necessary space; and

FURTHER BE IT RESOLVED that the Superintendent of the Westlake City School District is hereby authorized to file with the Superintendent of Public Instruction a plan for full implementation of all-day, daily kindergarten in fiscal year 2012 and any other required documentation. The Board designates the Superintendent to discuss the plan with ODE representatives and additionally designates Director of Academic Affairs, Pam Griebel, to discuss the plan with ODE representatives as outlined in the application for waiver.

Moved by Andrea Rocco and seconded by Tom Mays, this resolution was adopted at a meeting of the Board of Education of the Westlake City School District on January 25, 2010, with the following recorded roll call votes:

Board Discussion:

Sullivan: Asked Dr. Keenan how this facilities issue would interplay with the bond issue.

Keenan: Responded to Mr. Sullivan the Master Plan accounts for facilities to incorporate all-day kindergarten. The first phase of issue impacts non-kindergarten buildings, but regardless of the scope, nothing would have been completed by the date the State has mandated for implementation. Further, he stated that it would be almost impossible to address the elementary building first in our plan due to limited swing space and educational disruption.

Winter: Asked Dr. Keenan if we have a ceiling on money that can be spent on facilities.

Keenan: Indicated to Ms. Winter we do.

Pepera: Indicated to Ms. Winter that monies from the bond issue can only be spent on items contained in the language of the resolution.

Cross: Asked Dr. Keenan what updates the Board will receive on this issue.

Rocco: Indicated to Mr. Cross that Dr. Keenan would not have made such a recommendation if he had not done his research ahead of time.

Cross: Indicated to Ms. Rocco he is just asking the Superintendent about additional information to be received.

STUDENT CONDUCT ON SCHOOL VEHICLES

~~The Board furnishes transportation in compliance with State law. This fact does not relieve parents of students from the responsibility of supervision until such time as the student boards the vehicle and after the student leaves the vehicle at the end of the school day.~~

~~Students on a school vehicle are under the authority of, and directly responsible to, the vehicle driver. The driver has the authority to enforce the established regulations for vehicle conduct. Disorderly conduct or refusal to submit to the authority of the driver is sufficient reason for refusing transportation services or suspending transportation services to any student once proper procedures are followed.~~

The Board authorizes the Superintendent or other administrators to suspend a student from school bus riding privileges for a period not to exceed one school year. The only due process required is the student must receive notice of an intended bus riding suspension and an opportunity to appear before the Superintendent or other administrator before the suspension is imposed.

~~The Board's policy regarding **suspension from** school vehicle riding privileges must be posted in a central location in each school building and made available to students upon request.~~

~~After Board approval, Regulations regarding conduct on school vehicles, as well as general information about the school transportation program, are available to all parents and students.~~

ENGLISH AS A SECOND LANGUAGE
(Limited English Proficiency)

The Board recognizes the need to provide equal educational opportunities for all students in the District. Therefore, if the inability to speak and understand the English language excludes a student from effective participation in the educational programs offered by the District, the District shall take appropriate action to rectify the English language deficiency in order to provide the student equal access to its programs. Students in a language minority or who have limited English proficiency are identified, assessed and provided appropriate services.

The Board directs the administration to develop and implement language instruction programs that:

1. appropriately identify language minority students;
2. ~~determine the appropriate instructional environment for students with an English language deficiency and~~ **provide the appropriate instruction to limited English proficient students to assist them in gaining English language proficiency, as well as content knowledge, in reading/language arts and mathematics and**
3. annually assess the English proficiency of students and monitor ~~the~~ **their** progress of students ~~receiving English or bilingual instruction~~ in order to determine their readiness for the mainstream classroom environment.

The District requires all students with limited English proficiency to be tested. Alternative assessments may be required and students must make yearly gains as defined by the adequate yearly progress indicator adopted by the State Board of Education and be at a proficient level ~~in 12 years~~ **by the year 2014.**

The Board directs the administration to develop a plan to comply with school choice and supplemental service sanctions.

Limited English proficient students who have been enrolled in U.S. schools for less than one full school year are exempt from **one administration of the reading/language arts assessment** ~~the requirement to take the reading and writing proficiency or achievement tests~~ administered to their grade levels. However, ~~such~~ students who choose to take these tests are permitted to do so. (~~Proficiency or achievement tests~~ **Assessments** in math, science, and social studies are not exempt.)

The District provides parents with notice of and information regarding the instructional program as required by law. Parental involvement is encouraged and parents are regularly apprised of their child's progress.
