## 'Your Questions Answered' Site Debuts

Last week the Westlake City Schools launched a new section on our website to help answer questions from community members about the district.

The new web page is intended to be a one-stop "go-to" place for residents to get the facts about school finance and academics. We welcome additional questions and comments via a link on the web page – just use the link on the right side of the page to "Ask a Question." Check back periodically to see any new information we have posted.

You can access the new page at <http://www.westlake.k12.oh.us/schools/QA/Pages/default.aspx>. There is also an icon on the homepage at [www.wlake.org](http://www.wlake.org) that will take you to the page.
