Fiscal Year 2019 through Fiscal Year 2023**

Prepared by the Office of the Treasurer

Introductionⁱ

A forecast is somewhat like a painting of the future based upon a snapshot of today. That snapshot, however, will be adjusted and the further into the future the forecast extends, the more likely it is that the projections will deviate from actual experience. A variety of events will ultimately impact the latter years of the forecast, such as state budgets (adopted every two years), tax levies (new/renewal/replacement), salary increases, or businesses moving in or out of the district. The five-year forecast is viewed as a key management tool and must be updated periodically. In Ohio, most school districts understand how they will manage their finances in the current year. The five-year forecast encourages district management teams to examine future years' projections and identify when challenges will arise. This then helps district management to be proactive in meeting those challenges.

Purposes / Objectives of the Five-Year Forecastⁱ

Here are at least three purposes or objectives of the five-year forecast:

1. To engage the local board of education and the community in long range planning and discussions of financial issues facing the school district
2. To serve as a basis for determining the school district's ability to sign the certificate required by O.R.C. §5705.412, commonly known as the "412 certificate"
3. To provide a method for the Department of Education and Auditor of State to identify schools districts with potential financial problems

O.R.C. and O.A.C. Requirementsⁱ

Ohio Revised Code (O.R.C.) and Ohio Administrative Code (O.A.C.) REQUIREMENTS

O.R.C. §5705.391 and O.A.C. 3301-92-04 require a Board of Education (BOE) to submit a five-year projection of operational revenues and expenditures along with assumptions to the Department of Education prior to October 31 of each fiscal year and to update this forecast between April 1 and May 31 of each fiscal year. ODE encourages school districts to update their forecast whenever events take place that will significantly change the forecast.

Required funds to be included in the forecast are:

- General funds (001)
- Any special cost center associated with general fund money
- Emergency levy funds (016)
- Any debt service (002) activity that would otherwise have gone to the general fund
- Education Jobs Fund (504)

Revenue Assumptions

Assessed Valuation (Historical)

District assessed valuation is set at \$1,450,974,700 for calendar year 2018 (tax year 2017). This is made up of \$1,034,243,160 residential property, \$386,866,600 commercial/industrial property, and \$29,844,940 public utilities. This reflects an overall increase of \$7,181,670 from cy2017 due to the new construction, renovations, and valuation challenges being finalized. The last reappraisal / triennial update was completed in ty2015. The cy2018 assessed valuation is a new peak increasing past the historical peak reached in tax year 2006 with an assessed valuation of \$1,444,205,326. This peak included \$57,142,606 in tangible personal property assessed valuation. Tangible Personal Property, the tax on the personal property (inventory) of general businesses, telephone and telecommunications companies, and railroads, has been completely phased out based on provisions of the 2006-2007 biennium budget bill (Amended Substitute House Bill 66 [126th General Assembly]).

Assessed Valuation (Forecasted)

Assessed Valuation has the following average increases/decreases: +0.50% (1yr), +2.06% (3yr), +1.22% (5yr), +0.31% (10yr) and +1.40% (15yr). Additionally, the average increase/decrease for assessed valuation when a reappraisal is completed is +10.75% (avg. for 1988, 1994, 2000, 2006, and

2012). Based on the historical assessed valuations, forecasted valuations will be increased slightly annually throughout the forecast and will be substantially updated when more information regarding the county reappraisal, ty2018/cy2019, is available.

New Construction

Currently new construction is not included in the forecasted Assessed Valuation. Caution is utilized here as determining tax value is very difficult given the speculative nature of commercial projects, construction deadlines that may be imposed in the financing agreements, and the unknown nature of future development. Tax values associated with new construction are monitored periodically to see if they impact the forecast. Additionally, the City of Westlake may provide a property tax incentive for new development which would change any estimated tax value.

Tax Collection Rates (Historical)

Annually, the Cuyahoga County Budget Commission certifies a “current collection” rate based on the amount of actual taxes paid as a percentage of actual taxes due. This calculation does not include any previously owed taxes (delinquent) that were collected during this current tax collection period (calendar year). This is an indicator of the expected revenue for the District as we must collect the taxes in order to utilize the funds for teaching and learning. For calendar year 2018 (cy2018) the District’s current collection rate has been certified at 98.014%. This is an increase from cy2017 of 1.953%. Historically, the District’s current collection average rate is 96.193% (cy2004-cy2018) and reached a peak of 99.89% in cy2006.

Tax Collection Rates (Forecasted)

The current collection rate has the following average increases/decreases: +1.953% (1yr), +0.531% (3yr), +0.993% (5yr), +0.219% (10yr), and +0.269% (15yr). Based on these averages and weighing more heavily on the 5yr trend, the forecast will reflect a 96.0% current collection rate each year throughout the forecast.

Overall Revenue (Historical)

District Revenue (Total Revenues – Line 1.070) has averaged \$50,427,180 per year over the last ten years. Significant increases occurred in fy2008 (due to the passing of a 6.9 mil operating levy in May of 2006), in fy2016 (Triennial Update and delinquent tax payments), in fy2017 due to an accounting change reducing the use of “reduction of expenditure” receipting, and again in fy2018 due to the presumed prepayment of property taxes due to changes in IRS regulations. A significant decrease occurred in fy2012 due to the complete phase-out of public utility tangible personal property tax reimbursements created by Senate Bill 3 & Senate Bill 287 [123rd General Assembly] as well as implementing decreases to commercial tangible personal property created by Amended Substitute House Bill 153 [129th General Assembly].

Key Revenue Sources:

- Local Property Tax (Line 1.010) – \$40,793,411 (5yr avg.). Property tax payments have varied each year based on annual current collection rate as well as the effect of last new operating levy passed in May 2006.
- State Foundation Funding Formula (Line 1.035) – \$3,591,561 (5yr avg.). For State funding purposes the District is considered a “guaranteed” district. This designation ensures that the District will not receive less State formula funding than the District received during fiscal year 2015.
- Ohio Casino Tax Revenue (included in Line 1.035) – The District began receiving payments in fy2013 (\$82,195) and has continued each year: \$200,758 (fy2014), \$193,197.82 (fy2015), \$188,209 (fy2016), \$179,958 (fy2017) and \$180,215 (fy2018).
- Property Tax Allocation (Line 1.050) – \$5,116,449 (5yr avg.). Property tax allocation varies annually as the line is made up of several State reimbursements including Homestead Rollback, Homestead Exemption, Tangible Personal Property fixed rate reimbursement, and Tangible Personal Property fixed sum reimbursement. While Homestead Rollback/Exemption has varied, TPP reimbursements have continued to decline based on State legislative phase-outs.
- All Other Revenue (Line 1.060) - \$1,270,044 (5yr avg.). All Other Revenue includes several revenue sources including facility permit fees, Medicaid reimbursement, tax settlements / tax financing agreements, interest income, as well as other unrestricted funds such as pay to participate fees.

Total Revenues (Line 1.070)
fy2011 - fy2018 Actual

Overall Revenue (Forecasted)

District Revenue (Total Revenues – Line 1.070) is forecasted at \$49,580,000 (fy2019) then is projected to increase to \$50,787,000 (fy2020), then projected to stay relatively constant throughout this forecast. The significant decrease in fy2019, from fy2018, is due directly to the Amended Substitute House Bill 64 [131st General Assembly] phase-out of commercial tangible personal property tax reimbursements / supplements AND due to an approx. \$1,000,000 decrease in Local Property Tax due to a presumed ty2018 pre-payment caused by the tax changes in Federal law effective January 2018. This is believed to be a one-time change due to pre-payment and is shown as such by decreasing fy2019 tax collections.

Key Revenue Sources:

- Local Property Tax (Line 1.010) – Forecast is based on changes in assessed valuation (see section: Assessed Valuation (Forecasted)) and annual collection rates of local tax revenues (see section: Tax Collection Rates (Forecasted)).
- Unrestricted State Grants-in-Aid (Line 1.035) – Main source of income is the State Foundation Funding Formula. The District is considered a “guaranteed” district. As such the District can receive to no more/less than what than the District received during fiscal year 2015. Based on available information the Forecast includes approx. \$3,000,000 in foundation “total formula funding plus additional aid” for fy2019 and is being carried forward each year through fy2023 as the funding formula has the potential to be altered (increased or decreased) with each biennium budget. The TPP supplement that was received due to Substitute Senate Bill 208 [131st General Assembly] (approx. \$1,300,000 in fy2017) dropped off completely at the conclusion of fy2017. During fy2018 a final true-up payment for TPP was made to the District in the Amount of \$251,237.91. Additionally, Ohio Casino Tax Revenue is included in this unrestricted State grants-in-aid line. Casino revenue is projected to be \$180,000.00 annually fy2019 – fy2023.
- Restricted State Grants-in-Aid (Line 1.040) – This line contains State reimbursements for catastrophic special education costs. In fy2018, the District received Catastrophic Cost Reimbursement from the State of Ohio in the amount of \$157,210. This reimbursement is dependent on several unknown variables including State appropriations, District expenditures for eligible pupils, and the District’s state share. While the District will annually apply for the reimbursement, the District will forecast annual revenue at \$100,000 annually (fy2019-fy2023).
- Property Tax Allocation (Line 1.050) – Due to changes in law including H.B. 64, tangible personal property tax is being phased out. For fy2016 approx. \$990,000 was phased out and fy2017 the remaining \$424,512 will be removed. Fy2018 is assumed to be the very last of the TPP supplements. The remaining dollars shown in this line is directly tied to State Reimbursement of Homestead Rollback/Exemption.

- All Other Revenue (Line 1.060) - All Other Revenue includes several revenue sources including facility permit fees, Medicaid reimbursement, tax settlements / tax financing agreements, interest income, as well as other unrestricted funds. Due to the decreasing cash balances, interest income is being reduced causing an overall reduction and leveling off of other revenue for the forecasted years. FY2019 – fy2023 is forecasted at \$1,500,000 due to payments from “in-lieu-of” tax agreements and an accounting change posting pay to participate fees as revenue instead of a “reduction of expenditure”.

Expenditure Assumptions

Overall Expenditures (Historical)

District Expenditures (Total Expenditures – Line 4.500) have averaged \$50,354,491 per year over the last eight years. A significant decrease occurred in fy2015 due to staff retirements and overall reduction of total staff. Annual increases have occurred based on contracted salary increases (raises) as well as increases in the cost of doing business (utilities, insurance, and tuition).

Key Expenditure Categories:

- Personnel Services (Line 3.010) – \$30,286,460 (5yr avg.). Personnel Services is used to pay salaries to all direct District employees. The District groups its employees into 4 categories: Certified (teachers), Classified (non-teachers), Administrative, and Exempt (at-will non-union employees). This line will account for all earned payments including salary, overtime/extra-time, supplemental pay (including extracurricular activities), and severance/termination pay.

- **Employees' Retirement/Insurance Benefits (Line 3.020) – \$11,191,574 (5yr avg.).** Line 3.020 is used to account for all fringe benefits associated with direct District employees.  - FY2020 – Forecasted increase of \$1,042,320, primarily due to increases in percentage based benefits tied to salary and an expected 12% increase in medical insurance costs. - Purchased Services (Line 3.030)

- FY2019 - Purchased Services are projected to increase as overall utility costs are expected to increase due to inflation. Tuition for students serviced at outside facilities is expected to increase with inflation. Cost of Substitute Teachers is expected to increase with inflation and competition to attract subs who work in multiple districts. Additionally, the District participates in utility purchase consortiums to help reduce the cost of utilities (Ohio Schools Council's (OSC) Power4schools for electricity and OSC's natural gas purchasing program).
- FY2020 - Purchased Services are projected to stay relatively constant as compared to fy2019.
- FY2021 - Purchased Services are projected to increase slightly as overall utility costs are expected to increase due to inflation. Tuition for students serviced at outside facilities is expected to increase with inflation.
- FY2022 - Purchased Services are projected to increase slightly as compared to fy2021.
- FY2023 - Purchased Services are projected to increase slightly as compared to fy2022.

- Supplies and Materials AND Capital Outlay (Lines 3.040 AND 3.050) – Expenditures for supplies and materials is being held each fiscal year based on the consolidation of purchases of educational materials. A base level of funds are needed to cover basic supplies and materials, i.e. toilet paper, paper towels, cleaning supplies, as well as educational materials and manipulatives used in classroom instruction. Capital Outlay is held constant each year as the District is utilizing the Permanent Improvement Levy to make appropriate capital purchases that the General Fund made in the past.

- Other Objects (Line 4.300) - \$849,434 (5yr avg.). Other Objects is being held constant at \$900,000 throughout the forecast. Expected expenses include Cuyahoga County Fiscal Officer's Office and State Auditor's Office fees as well as Cuyahoga County Board of Election expenses.

- Advances-Out (Line 5.020) - \$210,713 (5yr avg.). As the District cannot legally end the fiscal year in the negative in any fund, this line is used to temporarily advance funds to other accounts, typically federal grant accounts, until those accounts are reimbursed. Once reimbursements have been received, the advance will be returned to the general fund, typically in the next fiscal year. \$25,000 is annually forecasted fy2019 – fy2023 to cover the cost of these temporary advances.

Other Funds

This Forecast, by ORC laws and OAC rules, is inclusive of only a few fund accounts focusing on the “general fund” as well as any “emergency funds”. The District maintains many funds such as Student Activities Fund (fund code 200), Special Trust Fund (fund code 007 - used for Scholarships, fund code 008 – used for Endowments), Principal’s Fund (fund code 018), State Grants (all 400 level fund codes), Federal Grants (all 500 level fund codes) as well as others. Below is a list of funds that may impact the general fund in the future.

- Debt Service Fund (fund code 002) - Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. This fund is not expected to impact the general fund and would only impact the general fund if local tax collections would not cover required debt service payments.
- Permanent Improvement (fund code 003) - The Community approved a 0.8 mill permanent improvement levy in November of 2016. This levy will generate approx. \$1.1 million annually that is dedicated for the purchase of property, assets, or improvements with an estimated life or usefulness of five years or more, including land and interests therein, and reconstructions, enlargements, and extensions thereof having an estimated life or usefulness of five years or more. The District will need to be prepared for additional general fund expenditures if improvements exceed the annual \$1.1 million.
- Food Services (fund code 006) – The District runs cafeteria programs in all District schools. Historically, the Food Service program has run self-sustaining and has not needed general fund transfers.

Investment Review

Economic Market Update

- Interest rates across the curve have retreated recently
 - Shaky economic growth, ongoing trade wars, and U.S. political friction are contributing factors
- Monetary Policy fears
 - Market participants are concerned the Fed will hike rates too high thus bringing economic growth to a halt
- Our goals remain for capital preservation, maintaining liquidity, and maximizing interest earnings
 - With the outlook of interest rates in question, we aim for an investment approach to meet the specific needs of each portfolio, sometimes locking in longer term rates

6-Month Treasury	2.56%	1.53%
